

How to get to Examview Guide

Step 1: Turn on your computer.

Step 2: Log in

Step 3*(see below): Double click on the “My Computer” Desktop Icon

Step 4: Double click the drive called G:\Apps

Step 5: Double click the Examview folder to open

Step 6: Double click the file called Shortcut to Examview

Step 7: You are now in examview! Give yourself a round of applause

(For the advanced users you can right click on the Shortcut to Examview file and choose the option *send to*, then choose *Desktop*)
