

### **2003 - David D. Hagaman, M.D., Class of '79**

Born in Lima, OH on September 25, 1961, Dr. Hagaman graduated in 1979 from Elida High School. In 1983, Dr. Hagaman graduated cum laude from Bowling Green State University where he was a two-year starter offensive lineman on the Falcon's football team. While at BGSU, he received the Falcon Award and the BGSU President's Award. In 1987, Dr. Hagaman received his M.D. from the Ohio State University. He interned at Medical University of South Carolina at Charleston, SC in internal medicine. Returning to the Ohio State University, he was a resident in internal medicine, which was followed by a fellowship in pulmonary and critical care. He then served a fellowship in allergy and immunology at Vanderbilt University, Nashville, TN. His next assignment was as a research fellow in the Laboratory of Allergic Disease at the National Institute of Allergy and Infectious Disease/National Institute of Health in Bethesda, MD. Dr. Hagaman has served as staff physician for the Division of Community Medicine for the Ohio State University, Chillicothe, OH; for the Miller Medical Group at Baptist Hospital, Nashville TN; and for Pulmonary and Allergy Associates of Nashville, St. Thomas Hospital, Nashville, TN. He also served as a staff clinician for the Warren Grant Magnuson Clinical Center, National Institutes of Health, Bethesda, MD. From 1995-99, he served as an adjunct clinical professor at the Department of Medicine at Vanderbilt University School of Medicine. Since 2001, Dr. Hagaman has served as Assistant Professor of Medicine in the Division of Allergy, Pulmonary and Critical Care, where he serves as director of Allergy and Immunology Training Program, and is Chief Operating Officer of the Vanderbilt Asthma Sinus and Allergy Program, all in Nashville, TN. Academic and professional honors Dr. Hagaman has received include the Student Research Scholarship at the Ohio State University, the American Lung Association Research Fellowship Award, and the Foundation for Fellows in Asthma Research. Dr. Hagaman has been active in basic and clinical research for the following pharmaceutical companies: Smith-Kline, Glaxo, Merck, Pfizer, and Aventis. Evidence of his writing skills can be found in the many journal articles and abstracts authored by Dr. Hagaman. He is married to Martha H. Hagaman, M.D. and is father to Daniel, Sarah and Benjamin.
